

**STATEMENT OF CANDIDATE FOR
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT**

Karen England

Occupation: Program Director

Education and Qualifications: I'm running for school board because I am deeply committed to the best education possible for our children. I have been an active member in the community for over 9 years. My two sons graduated from Granite Bay High School and my daughter is currently a freshman at Oakmont. As your representative on the school board, I will work diligently to ensure that your parental rights concerning your children's education is respected. My top priorities will be to demand academic excellence, strengthen parental involvement, ensure literacy for all students, promote school safety, fortify college preparation, and technologically advance our schools. My conservative leadership skills are proven. In my work at Capitol Resource Institute, as its Program Director, I have staunchly defended parental rights and promoted quality education for more than nine years. My pro-family views align with this district's views. I will work hard to ensure that family values are promoted in our school district. You deserve a school board member who is honest, effective, and accessible.

Vote for Karen England to build a better future for our children.
